Date about 1917

Medium Photography; gelatin silver emulsion on plastic

Description View of Roger Williams Cheney outside, wearing a Native American costume. There is fringe along the bottom of his jacket and he is wearing a feathered headdress. There are also several large feathers attached to something behind his back. He is crouching on one knee and squinting at the tip of a short stick that he is holding up in front of him, probably pretending that it is a gun. There is a row of trees and shrubs a short distance behind him.
