

# Basic Detail Report

## **Title Artillery Bank**

Date 1892

Primary Maker J. & E. Stevens Co.

Medium Cast iron

Description Cast Iron mechanical bank. The bank portion is a vertical rectangular structure made to look like a military stone fort. A figure of a soldier stands to the side of the fort. Under him is a small canon. Coins are shot into a hole in the fort from the cannon as the soldier's arm raises pointing to the fort.

Dimensions Primary Dimensions (length x height): 8 x 6in. (20.3 x 15.2cm)
