Medium Photography; albumen print on paper on cardboard mount

Description View of a portion of Winsted, Conn., taken from the balloon 3,050

feet from the earth...Although we are at this time less than three quarters of a

mile high...it is impracticable with the naked eye to distinguish any animal life in

the view below unless it be in motion..../ These are the first an only successful

views ever taken from a balloon. Shows the Still River and the dwellings, roads

and industrial buildings along it.
