## **Title Italianate-Style Building**

Date 1979

Primary Maker Richard Welling

Medium Photocopy; black toner on paper

Description Photocopy of a drawing of an unidentified, low-rise Italianate building, apparently a multiple-family dwelling. Three stories high, the brick building features decorative window frames, bay windows, cornices around the roofline and corbels on both sides of and in between the doors. A large tree on the left partially obscures the view of the building, and there is another tree on the right.
