

Basic Detail Report

Title Turbo in G.C.T.

Date 1969

Primary Maker Richard Welling

Medium Drawing; black marker on paper

Description Drawing of a Turbo Train at Grand Central Terminal in New York

City, with a New York, New Haven and Hartford train on the opposite side of the platform. On the verso there are two other drawings, one of the interior of a train car, with passengers in seats and luggage in racks above their heads. The other drawing depicts what appears to be a construction site.

Dimensions Sheet (height x width): 10 3/4 x 16 1/2in. (27.3 x 41.9cm)
