Description Automobiles are on a dirt street with residential and commercial buildings at the left. One house has a picket fence. Some trees appear to be elms. An American flag hangs from a wire. A horse-drawn wagon is loaded with pipes. A bicycle is near a horse-drawn carriage in the background. Sidewalks and utility poles line the streets. Trolley tracks are in the road. The white band on the pole at the right probably indicates a trolley stop. An electric light protrudes from the pole.
