## Title Woman's Overshoes

Date about 1955-1965

Primary Maker Ball Brand

Medium Machine-stitched synthetic fibers, with possibly some cotton; metal button, rubber sole and elastic

Description Women's ankle-high overshoes, or galoshes, of black synthetic fabric, glued to a rubber sole. The upper is stitched with a center front and center back seam; it also covers the 1 3/4-inch-high, Louis-style heel. The top of the boot has an elastic loop to attach to a black button/grommet that is mounted at the outside of the foot, four inches below and slightly forward of the ankle area. The upper is lined with blue knitted fabric with a fuzzy surface. The platform of the overshoe is shaped to accommodate a heeled shoe. The black rubber sole follows the contour of the bottom of the foot and over the heel.
