

# Basic Detail Report

## Title Shaker

Date 1810-1825

Primary Maker Daniel Wadsworth Esq.

Medium Blown and cut colorless lead glass, silver

Description Small, blown and cut colorless lead glass shaker with a silver cap.

The shaker consists of a round, hinged cap with cylindrical sides. The initials "DW" are engraved on the top of the cap. The sides of the cap are threaded, and they screw onto the neck of the shaker. The shaker has a spherical cut glass body with a flat bottom. The body has a band of diamond diapering around the middle, with short facets cut above and below.

Dimensions Primary Dimensions (height x diameter): 1 x 7/8in. (2.5 x 2.2cm)
