Title Matanzas, Cuba

Date 1898

Primary Maker Brigadier General George Malpas Cole

Medium Lithography; black and red printer's inks on cotton

Description Map of the province of Matanzas, Cuba, with Santa Clara to the east and south. Matanzas is delineated with a red line. Places are marked with their name and a circular symbol. Roads and what appear to be railroads are shown.

Physical features include swamps and islands. Water depth in fathoms is shown around the coastline. Other numbers are shown around on the map, in the areas representing water. Some of the numbers have letters representing some kind of units of measurement, although what they are is unclear. In the top left is an inset index map showing all of the maps in the series.
