

PERRY'S VICTORY ON LAKE ERIE.
Tough, Sept. 10th 1813.
This plate represents the meeting of the two fleets at the moment when the *WARRIOR* is passing through the smoke of the enemy's fire, pursuing her flagship more than three feet higher than the British flag, and leaving her in command of the American flag in favour of the *WARRIOR*.

Description Seven large warships are engaged in naval combat in the middle distance. Smoke and flames issue from the cannons on both sides of a large vessel in the center. The sails of all seven ships are riddled with holes from cannon fire. Flags and pennants fly from their masts. Additional ships are faintly visible in the background.
