Date about 1936

Primary Maker A. C. Gilbert Company

Medium wood; paper; glass; cork; metal

# Basic Detail Report

Description A toy chemistry set with original manual manufactured by the A. C.

Gilbert Co. This chemistry set is packed into a wooden box, that when places on

end gives a full display of all of the available chemicals. There are two rows of

glass tubes, one on each of the doors. Some of these are discolored and have

substances inside them. There are two rows of wood containers in the main

compartment. These have/ had chemicals inside of them. The bottom shelf

holds more test tubes, a metal brush cleaner, and some other items. There are

six glass tubes and sixteen wooden bottles on the shelves at the top of the set.

On the bottom, there are some more glass tubes, the cleaner, and litmus paper.

Sticker on outside of wooden box and inside of door are identical. There is a boy

pouring something from one test tube to another.

Dimensions Primary Dimensions (height x width x depth of box):  $14 \frac{5}{8} \times 9 \frac{3}{4}$

$\times 2 \frac{3}{4}$ in. ( $37.1 \times 24.8 \times 7$ cm)
