Basic Detail Report

Title Squash Hollow.

Date about 1937

Primary Maker Hyman Warsager

Medium Lithography; printer's ink on wove paper, hinged in 4-ply acid-free mat

Description Farm buildings, including barns, sheds, and silos are visible between trees. A wire fence, a field of grass or grain, and a road are in the foreground. A steep wooded hill is in the background. The landscape is expressionistically rendered; the trees and grass appear as if agitated by a high wind.
