

Basic Detail Report

Title Winter Tracery--New Milford Green

Date before 1950

Primary Maker Philip Kappel

Medium Etching on laid paper

Description Frame houses and leafless trees line the right side of a snow-covered street. Houses have louvered shutters and porches. One house has a flag pole above the door. A fire hydrant and a road sign are beside the road. An automobile is in the left background. A child, apparently wearing a snowsuit and a knit cap, is on a sled in the foreground. The trees cast shadows on the snow.
