Basic Detail Report

Description Cherry stand in the Shaker style. The stand has a round top, a

slender baluster-shaped pedestal over a cylindrical base, and three cabriole legs

that each end in a plain foot. Condition: The top is split nearly in half. There is

wear to the top. Design and Construction Details: The top is made from a single

board that is screwed to a rectangular cleat from below. Each leg is dovetailed

to the base of the pedestal. A round, iron plate is screwed to the underside of the

pedestal where the legs join the base.
