Medium Mold-formed porcelain with gilding overglaze enamels in pink and green

Description Round, porcelain teacup (.a) and octagonal, porcelain saucer (.b) with gilding and overglaze enamels in pink and green. Both are decorated with the same series of borders, beginning with a line of gilding at the foot of the teacup and the inside of the saucer's rim. This is surrounded by a field of white that fades to pink, with small pink flowers with green leaves over the pink. The pink enamel field is edged with gilding, surrounded by pink flowers with green leaves interspersed on the rim of the saucer. The edge of the saucer and rim of the teacup are gilded, as is the handle on the teacup. Some gilding has worn off the rim and handle of the teacup.
