Basic Detail Report

Title Ashtray

Date about 1960

Primary Maker The Hartford Faience Co.

Medium Mold-formed porcelain with a grey glaze

Description Round ashtray made of porcelain with an opaque grey glaze. The ashtray is shallow and round, with horizontal ribs on the sides. There is a second, circular area inside, intended to hold the ashes or a lighter, with six semi-circular indentations on the rim. There is one chip in the glaze near the foot of the ashtray, as well as twenty round areas of a shiny tan substance on the bottom.

Dimensions Primary Dimensions (diameter): 5in. (12.7cm)
