

# Basic Detail Report

## Title Lid

Date early 19th century

Primary Maker Unknown

Medium Wheel-thrown redware with a lead glaze and black decoration

Description Round, domed redware lid with a clear lead glaze and manganese black decoration. The lid has a round finial in the center, surrounded by an incised line. About two inches outside of that is a double band of raised circles. A single band of raised circles is located at the rim. The top surface of the lid is glazed, while the interior is left unglazed. Four patches of manganese black have

# Basic Detail Report

been applied to the top of the lid. There is one large chip in the top of the rim

and one on the bottom. Crazing and several light scratches cover all the glazed

surfaces of the lid.

Dimensions Primary Dimensions (height x diameter): 2 3/4 x 6 1/8in. (7 x 15.6cm)
