Basic Detail Report

Title Vase

Date 1880-1900

Primary Maker Chase family

Medium Blown opaque, colorless, and blue glass

Description Vase made of blown opaque, colorless, and blue glass. The vase has a wide, plain, cut rim, a short cylindrical neck, a barrel-shaped body, and a flat

bottom. The body of the vase, made of colorless glass, is decorated with concentric loops of opaque white glass that begin at the rim and extend down the sides. The lower half of the vase is decorated with a thin string of mechanically threaded teal blue glass that spirals down the sides and onto the bottom of the vase.

Dimensions Primary Dimensions (height x diameter): 4 3/4 x 2 7/8in. (12.1 x 7.3 cm)
