Basic Detail Report

Title Bar Pin

Date possibly 1850s

Primary Maker Unknown

Medium Petrified wood inlay inside a yellow metal base, with a white metal closure

Description Narrow, rectangular bar pin made of a yellow metal base holding brown, white, and orange petrified wood inlay that creates a geometric pattern. A white metal pin attaches to the back of the base with a hinge at one narrow side. The pin fits into a loop of thick wire at the opposite side to create a closure to attach the bar pin to clothing.
