Basic Detail Report

Title Card Trick Stand

Date 1858

Primary Maker Albert G. Walker

Medium Wood, tin, and black and gold paint

Description Card trick stand with a metal card holder supported on a wooden

base. The card holder is shaped to hold a standard sized deck of cards snuggly. It

has a narrow, 2 1/2-inch-high neck on the bottom that fits into a square hole at the top of the wooden stand; the neck sticks out about 1 1/2 inch above the hole. The card stand is painted black on the neck and on the back, and painted gold on the sides and on the low front. Each of the gold painted sides has a thin black-painted border, with a decorative pattern in black on the inside. The rectangular wooden base has three graduated steps.

Dimensions Primary Dimensions (height x width x depth): 7 3/4 x 7 x 5 1/8in. (19.7 x 17.8 x 13cm)
