Basic Detail Report

Title Charter Oak

Medium Oil on paperboard

Description Small painting of the Charter Oak with a view of Wyllys House (2nd) in the background. In the foreground is a dirt path. Beyond this is a white picket fence with gate and gate posts. The path leads along the property and also in behind the gates, up the right side of the painting to the house. The path is lined with trees on both sides and there are four trees distinctly visible on the left side of the path. The Charter Oak in leaf is in the center of the painting, directly behind a white picket fence. It is large and gnarled. The land dips down to the left of the oak and water and mountains with tree are visible in the distance, mostly likely the Connecticut River. The house is visible to the rear and right side of the Oak. It had a triangular pediment in the center front, is 2 1/2 stories and has 2 chimneys visible. There appear to be ells or outbuildings to the right rear

of the house. The sky is blue to pink, with a definite pink accent on the right side

of the painting. The frame is gold colored wood.
