Title Map of valuable building lots on Webster Street (Washington Street continued) Ellsworth Street and New Britain Avenue, Hartford, Conn.

Date after 1860

Primary Maker Jacob Weidenmann

Medium Lithography; printer's ink on wove paper

Description Plat map of lots at intersection of Webster Street and New Britain Avenue. Webster Street is at the left and New Britain Avenue at the bottom of the map. Ellsworth Street runs parallel to Webster Street. Lots are numbered 1 to 27 and dimensions are inscribed along the sides of the lots. The sizes of the lots vary greatly. The name "John M. Read" is written in pencil at the right, and a rough rectangle, possibly a crude sketch plan for a building, is drawn in pencil on the adjoining lot.
