Basic Detail Report

Title Interior of an Industrial or Warehouse Building

Date 1916-1927

Primary Maker William G. Dudley

Medium Photography; gelatin emulsion on glass

Description Skylights light the interior of a large empty industrial or warehouse building. Windows are in the background. The sides of the building are made of brick, the floor is of concrete and the structural supports are composed of wood. A stairway leads up to a door in a partitioned area along the right side of the building. An electrically powered machine is plugged into the wall on the left.

Dimensions Plate (height x width): 8 x 10in. (20.3 x 25.4cm)
