Basic Detail Report

Title City Place Construction

Date after 1972

Primary Maker Richard Welling

Medium Photography; color Polaroid instant print on paper

Description Instant Polaroid photographs documenting the construction of CityPlace in downtown Hartford, Connecticut. Many of the images place CityPlace within the context of its surrounding buildings, including Bushnell

Basic Detail Report

Tower, Bushnell on the Park, One Financial Plaza, 111 Trumbull Street, and the Goodwin Building. Various phases of the construction are shown, including after the building was completed. There are street-level views, looking up at the construction, as well as low-level aerial shots looking across at the construction site.
