Basic Detail Report

Title Port of Le Havre, France

Date 1905-1915

Primary Maker Horace Bushnell Cheney Sr.

Medium Photography; gelatin silver emulsion on plastic

Description View across the water of buildings at the port of Le Havre, France. The buildings are all at least four stories tall and are built right next to each other in a line, wall to wall. There is a road running in front of them, along the water. Many people walk along the road. On the left there is a large ship sitting in the water, next to the road.

Dimensions Primary Dimensions (height x weight): 3 13/16 × 4 13/16in. (9.7 × 12.2cm) Sheet (height x weight): 3 13/16 × 4 3/4in. (9.7 × 12.1cm)
