

Basic Detail Report

Title Hempsted House.

Date 1834

Primary Maker John Warner Barber

Medium Drawing; pencil on paper

Description Small two-story frame house with a center chimney. Stone walls on either side and a well roughly indicated in the right foreground. According to Barber, Robert Hempsted, one of the original settlers of New London, built this house. In 1834, it was the residence of Joshua Hempsted, a 7th generation descendant.

Dimensions Primary Dimensions (overall height x width): 5 1/8 x 8 1/4 in. (13 x 21 cm)
