

Basic Detail Report

Title Episcopal Church, Chatham.

Date 1835

Primary Maker John Warner Barber

Medium Drawing; pencil on paper

Description Small stone church with two square towers, one containing a clock with a "black face." Note indicates that it is "built [of] Chatham stone," i.e.

Portland brownstone and that it has "white moulding." There is a "picket" fence in front of the building and "Maples" on either side.

Dimensions Primary Dimensions (overall height x width): 6 11/16 x 8 1/4in. (17 x 21cm)
