Description Bearded man in boots, vest and hat, holding a horse, in front of a two-story house with three chimneys. A woman is on the porch with plants, possibly yucca plants, in front of her. There appears to be a potted plant on the porch. There is a bench in the front yard. The trees in the yard appear to be fruit trees, possibly apple trees. There are fallen leaves on the ground, suggesting that the season is probably autumn.
