Basic Detail Report

Title Diesels

Date 1965-2009

Primary Maker Richard Welling

Medium Drawing; black marker on paper

Description Drawing of about six diesel engines, two of them branded with the Penn Central reporting mark, PC. The wires of the overhead electrical system are visible, and one of the engines has a pantograph on its roof that is touching the wires. In the background the outlines of buildings are depicted.

Dimensions Sheet (height x width): 13 5/8 x 10 5/8in. (34.6 x 27cm)
