Basic Detail Report

Title Steam Engine on Tracks

Date 1965-2009

Primary Maker Richard Welling

Medium Drawing; black and colored marker on paper

Description Drawing of a steam engine with a distinctive Radley & Hunter smoke stack. The locomotive is branded C.E de F.B. de A. on the side, and also bears the manufacturer's name, Rogers. On the side of the cab, the name of the train, unfortunately illegible, is written.

Dimensions Sheet (height x width): 10 1/2 x 13 3/4in. (26.7 x 34.9cm)
