Basic Detail Report

Title Railroading Under the Wires

Date 1970

Primary Maker Richard Welling

Medium Drawing; blue ink and colored markers on paper

Description Drawing of a catenary system with numerous electrical wires

powering multiple railroad tracks, with two trains in the distance. There are five

orange signals on the tracks. In the background on the left is a building, and on

the right is what appears to be a station platform.

Dimensions Sheet (height x width): 13 3/4 x 10 3/4in. (34.9 x 27.3cm)
