Basic Detail Report

Title Bulkeley Bridge Construction: Pouring Foundation of the Western Abutment, March 2, 1904

Date 1904

Primary Maker Unknown

Medium Photography; gelatin silver print on paper

Description In the foreground, workmen pour concrete from a bucket into a wooden caisson. Ladders and machinery are at the right. Men in suits look on. A wheelbarrow and a wooden walkway are on piles of dirt and rock in the foreground. In the background, men stand on the temporary iron bridge, which is supported by wooden abutments. Trolley wires run overhead. Ice is on the Connecticut River in the background.
