

Basic Detail Report

DANZAS PERUANAS

A group of Peruvians who loved to dance, as a way to preserve and promote Peruvian dances, traditions and culture founded Danzas Peruanas in March 2003. One of our main goals is to present Peru's rich multicultural heritage of ethnic and folkloric music to audiences in The United States.

Our group had performed for Peruvian community events and now we are sharing our dances with organizations and activities in the Greater Hartford area. The group performs dances from the Andean region, as well as dances such as Marinera, Tondero, Huayno, and Tuntuna from other parts of Peru. In December 2003, the group was select by the Institute of Community Research in Hartford-Connecticut to participate in the Traditional Arts Apprenticeship Program and we worked with a master Peruvian dance teacher, Gloria Martenson from Boston to learn new dances.

We want to give special thanks to Mrs. Gloria Martenson, Armando Zarazu, APAPRO, Charter Oak Cultural Center, Club Bolognesi and New Boston Fund for all the support.
