

Basic Detail Report

Title Galamanders on Leetes Island

Date 1890-1905

Medium Photography; nitrate negatives

Description Black and white photographic negative, view of a galamander at the Leetes Island Quarry used to move stone used for base of the Statue of Liberty.

The galamander, a wagon-like conveyance with two spoked wooden wheels attached to a frame consisting of a single large wooden beam, sits in a grassy area with a rocky area in the background.

Dimensions Primary Dimensions (overall height x width): $4 \frac{3}{16} \times 4 \frac{15}{16}$ in.

(10.6 × 12.6cm)
